

## Okotoks Local Transit will be a reality for Okotoks soon!

### Key Details:

- On-demand system will provide residents with a choice on how you get around within Okotoks
- This transit model focuses on the customer experience and is much more flexible in adapting to the changing needs of residents in comparison to a fixed-route transit service
- A majority of the upfront program cost will be funded through Alberta Transportation's Transit Incentives Program (GreenTRIP)
- Transit, as with any municipal infrastructure and service, is an investment in quality of life for Okotoks' residents
- Transit should help ease parking congestion at popular destinations around town and reduce the carbon footprint
